Engineering Amendment filed 02/12/2019

The Petition to Deny filed 1/31/2019 by Press Communications, LLC IS HEREBY DENIED 3/06/2020 via Public Notice. No letter sent. Petitioner fails to demonstrate that grant of this application would violate any Commission rule or policy. Applicant satisfies the applicable interference requirements of 47 CFR Section 74.1204. Petitioner requests that any permit issued to the applicant is required, by condition, to have the antenna manufacturer validate the antenna pattern and have an outside source certify that the antenna system has been installed correctly per the underlying application. Due to the secondary status of the service we rarely, if ever, impose such conditions on FM translator construction permits. Petitioner does not provide evidence that we must do so here. Therefore, we will not impose any such condition on the construction permit. If this translator facility causes actual interference to WKMK(FM), it will be obligated to resolve any complaints from listeners of WKMK(FM) per the requirements of 47 CFR Section 74.1203.
